TRUCK DRIVER TRAINING

Williamsburg Technical College provides top quality, comprehensive professional truck driver training to our students. We offer much more than simple tractor trailer training to get your CDL license or pass the CDL test. The CDL training program provides thorough driver training and trucking job placement assistance for the trucking industry. Every student receives extensive truck driving instruction and maximum truck driving time behind the wheel. Our school provides the maximum opportunity for you to succeed in the trucking industry.

Our training program exceeds the minimum requirements as required by the state. This additional training gives the individual more time behind the wheel in their preparation for the DMV exam.

If you are interested in a career as a professional truck driver, please contact Continuing Education at 843.355.4182. You may also visit our web site at www.wiltech.edu under Continuing Education.

REAL ESTATE CLASSES

Are you thinking about a career in Real Estate in South Carolina? Or maybe you're a real estate professional looking for classes to meet your CE requirements. Williamsburg Technical College can help! The Continuing Education Division provides quality educational classes for real estate brokers, appraisers, and home inspectors.

CERTIFIED NURSING ASSISTANT PROGRAM

This program provides a basic level of both knowledge and demonstrable skills for individuals who provide nursing or nursing-related services to clients in a skilled nursing facility (SNF) or nursing (NF). An overview of concepts related to nursing care of the elderly will be taught. Emphasis is on communications, care of older/chronically ill adult populations, and responsibilities/competencies of basic procedures for patient care.

Prerequisites:

- Documentation of tuberculosis testing.
- SLED Background Check (www.sled.sc.gov/)
- Acceptable physical
- Hepatitis B vaccine/waiver statement
- Reading score of 3 or better on WorkKeys, administered at WTC fee of \$16.00.
- One white/blue uniform pants/skirt and one white/blue uniform top/tunic
- White shoes, closed heel/toe with rubber sole
- Basic aneroid BP and stethoscope
- Watch (w/second hand)
- Documentation of prerequisites must be submitted two weeks prior to start date of class.

HEAVY EQUIPMENT OPERATOR

The Heavy Equipment Operator is designed to offer students nationally recognized curricula developed by the NCCER (The National Center for Construction Education and Research.) The curricula consist of modular, competency-based courses designed by industry experts and taught by NCCER accredited instructors. The basic level that we are offering teaches the students how to operate the most frequently used heavy construction equipment.
