### General Education Core Competencies

<table>
<thead>
<tr>
<th>General Education Core Competencies</th>
<th>Course Methodology, Content and/or Assessment</th>
</tr>
</thead>
</table>
| **Communication:** Students will be able to communicate effectively through reading, writing, speaking and listening.  
- Prepare written documents in a professional manner.  
- Develop oral communication skills to present information in a professional and appropriate manner.  
- Demonstrate appropriate listening skills in one-on-one and small and large group settings. | The student is required to read all assignments from the course textbook, ATI textbooks, Study Guide, Course point and outside sources.  
The student is required to submit hand written assignments, several clinical written assignments, oral reports, and projects group or single.  
The student is required to participate in class discussion and assignments and group projects.  
The student is required to do all ATI assignments and attend all ATI proctored examinations. |
| **Mathematical Reasoning:** Students will apply those mathematical skills appropriate to their program of study.  
- Analyze and solve mathematical problems needed in the workplace, daily life and educational environment.  
- Interpret data using analytical methods. | Basic mathematical and analytical skills are developed through defining drug calculation problems.  
The student will analyze alternatives and use formulas to solve problems.  
There is a drug dosage calculations test at the beginning of each semester. |
| **Critical Thinking:** Students will employ effective processes for resolving problems and making decisions.  
- Identify problems and potential causes.  
- Solve problems using basic research, analysis and interpretation.  
- Evaluate results of solutions and revise strategies as indicated by findings. | The student will apply rational problem solving when implementing plan of care.  
The student will seek consultation when clinical problems fall outside current knowledge or scope of practice. |

</thead>
</table>
| **Technology Utilization:** Students will apply knowledge of computers on a level compatible with job and/or educational demands.  
  - Demonstrate a basic knowledge of computer applications including word processing, spreadsheets, databases, and presentation software.  
  - Use basic operating system functions competently (e.g. store and retrieve data, load software).  
  - Demonstrate communication and research skills through use of the internet. | Students will protect the safety and privacy of the individual's computerized and paper health care records and information.  
  Follows FERPA Regulations of the college  
  Follows HIPPA Regulations at all clinical sites  
  Follows OSHA regulations at all clinical sites  
  Students will not post any information regarding, school, clinical sites, faculty, or other students on any social media. |
| **Interpersonal Skills:** Students will deal effectively and appropriately with others.  
  - Interact well with individuals and groups from diverse backgrounds and cultures.  
  - Work with others in situational analysis, problem solving, and task accomplishment.  
  - Demonstrate respect for the rights, work, and views of others. | The student will collect data for individuals using standard protocol or tool: implement plan of care; report/record findings and assist in planning and evaluating care.  
  The student will contribute to the development of nursing care plans.  
  The student will express a caring and empathetic connection with individuals in order to provide compassionate, sensitive and appropriate care. |
| **Professionalism:** Students will exhibit professionalism through observances of a code of ethics, a sense of responsibility, good habits, and a positive attitude.  
  - Demonstrate personal and business integrity and ethics.  
  - Recognize, manage, and cope with the transitions of change.  
  - Utilize informational resources for lifelong learning. | The student will adhere to Nursing Code of Ethics.  
  The student will respect privacy and dignity of the patient.  
  The student will comply with the Nurse Practice Act.  
  Adhere to the clinical policy in regards to leaving clinical sites during clinical. |
### College Policies

<table>
<thead>
<tr>
<th>Policy Type</th>
<th>Policy Description</th>
</tr>
</thead>
</table>
| **Attendance Policy**             | Williamsburg Technical College does not require specific attendance in a course. Acknowledging that participation supports student success in coursework, however, individual instructors may set attendance guidelines for the course. Those specific guidelines must be included in the course syllabus. *(See Syllabus Addendum provided by the instructor.)*  

In addition, students must attend during the first two weeks of class or inform the instructor of their intent to attend to remain on the class roster. If no prior arrangements have been made and the student does not attend during the first two weeks following the semester start date, the student will be dropped as a “no show” from that course following the second week of class. Class rosters will be final as of the end of the second week of classes.

Students may withdraw from a class at any time by completing a withdrawal form in the Student Services Office. A student can only receive a “W” grade if withdrawal is completed in the Student Services Office prior to the last date to receive a “W” grade published in the academic calendar. Students who fail to withdraw by the specified time will receive a letter grade for the course. For specific procedures related to this policy, refer to WTC Procedure D-23.1. |
| **Policy for Students with Disabilities** | The Student Affairs Division provides counseling and support services which help students with disabilities to pursue academic programs of their choice and participate fully in campus life.  

The VP for Student Affairs can arrange counseling, special parking, priority registration, and other reasonable services needed by students with disabilities. Students with disabilities are encouraged to contact the VP for Student Affairs to discuss needs and concerns as they arise. |
| **Policy for Academic Misconduct** | All forms of academic dishonesty including, but not limited to, cheating on tests, plagiarism, collusion, and falsification of information will call for discipline. See the Student Code & Grievance Procedure in the Williamsburg Technical College Catalog for details. |
| **Grading Policy**                | The College operates on the semester hour system, and the following symbols are used in grading: |
A = Excellent  
B = Above Average  
C = Average  
D = Passing  
F = Failure  
I = Incomplete  
WF = Withdrawal while failing  
WP = Withdrawal while passing

Policy for Class Safety and Emergencies

Please refer to the college catalogue for more information on how Williamsburg Technical College addresses safety and emergency issues. For additional information, contact Student Affairs.

Health Services and First Aid

Williamsburg Technical College is a commuter institution; therefore, infirmary facilities are not provided. Basic first aid for minor injuries is available, and first aid kits are located in various departments of the College. Major illness or injury will be treated by health professionals. The campus is located adjacent to Williamsburg Regional Hospital.

Each student is covered by accident insurance at no additional cost. This group insurance covers the student while on campus and during college-sponsored group travel.

Injuries must be reported to the VP for Student Affairs immediately. Insurance claim forms are available in the Student Affairs division.
