Some substantive changes only require notification without a prospectus, and others require notification with the submission of a prospectus.

- IV. Notification constitutes a letter from the institution’s chief executive officer or his/her designated representative to the President of the SACSCOC summarizing the proposed change, providing the intended implementation date, and listing the complete physical address if the change involves the initiation of an off-campus site or branch campus.
- V. If a prospectus is required for submission to the SACSCOC, the College’s SACSCOC Liaison will work with the respective area(s) impacted by the change to compile the contents of the Substantive Change Prospectus. The College’s SACSCOC Liaison will compile a final draft of the Substantive Change Prospectus for review by the President’s Council prior to submission to the SACSCOC.
- VI. The College’s SACSCOC Liaison will be responsible for submitting the Substantive Change Prospectus along with the required fees to the SACSCOC.
- VII. The College’s SACSCOC Liaison will be responsible for monitoring the SACSCOC website for changes in the Policy on Substantive Change and keep the President’s Council informed of the changes. The College’s SACSCOC Liaison will also meet periodically with the Academic Council and Curriculum Review Committee to determine if there are any institutional changes that would qualify as substantive in nature to require notification to the SACSCOC to ensure compliance.
- VIII. The College’s SACSCOC Liaison will maintain records both electronically and in hard copy of Substantive Change documentation for reference to support the institution’s compliance with accreditation standards.
- IX. The College’s SACSCOC Liaison will be responsible for developing the policy on Substantive Change, submitting the policy for review, and revising the policy as a result of periodic evaluation of the effectiveness of the policy.
- X. Compliance with the guidelines established by SACSCOC for Substantive Change is mandatory at Williamsburg Technical College and contributes to the integrity of adherence to the standards of accreditation.
